VOLUME CVII.-NO. 223.

ALEXANDRIA, VA., SATURDAY EVENING, SEPTEMBER 15, 1906.

PRICE 2 CENTS.

Trust to Nature.

A great many Americans, both men and women, are thin, pale and puny, with poor circulation, because they have ill-treated their stomachs by eating or drinking too much, by consuming alcoholic beverages, or by too close confinement to home, office or factory, and in consequence the stomach must be treated in a natural way before they can rectify their earlier mistakes. The muscles in many such people, in fact in every weary, thin and thin-blooded person, do their work with great difficulty. As a result fatigue comes early, is extreme and lasts long. The demand for nutritive aid is ahead of the supply. To insure perfect health every tissue, bone, nerve and muscle should take from the blood certain materials and return to it certain others. It is necessary to prepare the stomach for the work of taking up from the food what is necessary to make good, rich, red blood. We must go to Nature for the remedy. There were certain roots known to the Indians of this country before the advent of the whites which later came to the knowledge of the settlers and which are now growing rapidly in professional favor for the cure of obstinate stomach and liver troubles. These are found to be safe and yet effective in their cleansing and invigorating effect upon the stomach, liver and blood. These are: Golden Seal root, Queen's root, Stone root, Bloodroot, Mandrake root. Then there is Black Cherry bark. The medicinal principles residing in these native roots when extracted with glycerine as a solvent make the most reliable and efficient stomach tonic and liver invigorator, when continued in just the right proportions, as in Dr. Pierce's Golden Medical Discovery. Where there is bankrupt vitality—such as nervous exhaustion, bad nutrition—and thin blood, the body acquires vigor and the nerves, blood and all the tissues feel the favorable effect of this sovereign remedy. Although some physicians have been aware of the high medicinal value of the above mentioned plants, yet few have used pure glycerine as a solvent and usually the doctors' prescriptions called for the ingredients in varying amounts, with alcohol.

(Entered at the Postoffice at Alexandria, Virginia, as second-class matter.)

Panic at Unveiling.

With panic threatening a crowd of 50,000 persons surging about a stand erected in the Capitol grounds at Columbus, Ohio, frantic to secure a glimpse of Mrs. Nicholas Longworth, the President's daughter, the oratorical exercises arranged for the unveiling of a statue of Wm. McKinley yesterday afternoon were suddenly postponed until last night, after the statue of the murdered president had been hurriedly unveiled by Mrs. Longworth. The speeches of the occasion were delivered last night in Memorial Hall.

The crowd was so large and cramped that it got beyond control, and the shrieking of women and children, who were caught in the crush, rapidly worked the crowd into a frenzy. Many women fainted, and were carried out of the crowd by the police.

Throughout the exciting scenes Mrs. Longworth remained cool and self-possessed, but afterward she said that it was the worst crush she had ever seen.

Mr. and Mrs. Longworth had an exciting experience in escaping from the excited crowd. From the speaker's stand they went through a window overlooking the platform into the Governor's office, but they were scarcely inside when the people began to surge through the doors from the corridors, and the office was quickly filled. The Longworths then attempted to reach an automobile which was waiting for them in the street, but once inside the building they were caught in a surging crowd.

Finding no immediate avenue of escape, Congressman Longworth fought a way for his wife out of the Capitol grounds and across Broad street into the Outlook building. There they remained until the police cleared a way for a carriage, which took the Congressman and his wife to the hotel. Later the Longworths took a train for Cincinnati.

Storms in Nebraska.

Two violent and seemingly distinct storms yesterday swept over Johnson county, Neb., causing the death of four persons, the fatal injury of two, and the painful injury of five others.

Three of the men killed crawled under a threshing machine, which was shattered by lightning. A companion was severely shocked. The second storm, tornadic in violence, past west of Tecumseh, demolishing a schoolhouse, killing one man, fatally injuring two school children, and inflicting severe injuries on four others in the schoolhouse. Many barns and windmills were blown down.

The legend of a tornado struck Nelson, Neb., yesterday evening, killing some stock and doing some considerable damage to property, but injuring no one so far as known. The Rock Island roundhouse was torn to pieces, and heavy timbers from the wreckage were blown against a residence, demolishing one side of the house. Three others were partly wrecked. The windows on the south side of the high school building were blown in, causing a panic among school children. Barns, outbuildings, and windmills were leveled all over town.

Good for the cough, removes the cold, the work of Kennedy's Laxative Honey and Tar—the original laxative cough syrup. Contains no opiates. Sold by W. F. Creighton & Co., 401 King Street.

A Scientific Wonder.

The cures that stand to its credit make Bucklen's Arnica Salve a scientific wonder. It cured E. R. Mulford, lecturer for the Patrons of Husbandry, Waynesboro, Pa., of a distressing case of Piles. It healed the worst Burns, Sores, Ulcers, Cuts, Wounds, Chills, and Salt Rheum. Only 25c at E. S. Leadbeater & Sons' drug store.

Make a note now to get Ely's Cream Balm if you are troubled with nasal catarrh, hay fever or cold in the head. It is purifying and soothing to the sensitive membranes that line the air passages. It is made to cure the disease, not to fool the patient by a short, deceptive relief. There is no cocaine nor mercury in it. Do not be talked into taking a substitute for Ely's Cream Balm. All druggists sell it. Price 50c. Mailed by Ely Bros., 56 Warren Street, New York.

Under Ten Days' Option!

\$60,000.00 Common Stock of

Washington Luna Park Company.

To Washington Investors:

In December, 1905, it was proposed to erect an amusement park near Washington, where attractions of the highest grade would be offered for the entertainment of the entire family. The proposition at once appealed favorably to some of the financiers in control of the Washington, Alexandria & Mount Vernon Railway Company, and some of those gentlemen, with other Pennsylvania capitalists, invested \$175,000.00, which was actually paid into the treasury of the Washington Luna Park Company, in cash, and an equal amount of common stock was issued by the company therefor. There were no bonds or preferred stock issued. No opportunity was given any Washington investor to participate in the venture, and, as near as can be learned, no one in Washington was solicited to subscribe or buy any of the company's stock. Luna Park was built, the people of Washington have seen it, they can see it today, they are rapidly becoming acquainted with the park, and they can, in a way, form their own ideas as to whether it is a profitable enterprise or not.

The Construction Work in Luna Park was done with a view to its permanency, and it is as well constructed as any amusement park in the United States. (See letter below.) The same financial interests which reorganized and put the Washington, Alexandria & Mount Vernon Railway Company on its feet watched the construction work, and saw to it that full value was given for the investment made.

The Management of Luna Park is in the hands of Mr. George E. Gill, a man of recognized ability, experience and integrity.

The Financial Affairs of the Washington Luna Park Company are controlled by Mr. John W. Pittcock, its Secretary and Treasurer; and the large majority of the company's stock is now in the hands of Mr. Pittcock and his Philadelphia associates, all of whom are connected with the Washington, Alexandria & Mount Vernon Railway Company.

During this year the Washington, Alexandria & Mount Vernon Railway Company invested \$200,000.00 in additional transportation facilities to accommodate the public in reaching Luna Park, (putting on eight new trains) and in ENLARGING THE OUTPUT OF ITS POWER HOUSE IN ORDER TO FURNISH LUNA PARK WITH LIGHT AND POWER.

The Washington, Alexandria & Mount Vernon Railway Company furnishes Luna Park with electric current at a cost, a fraction under one cent for one thousand kilowatts, under an agreement now in force; and it leases the site of the park to the Washington Luna Park Company at a rental of \$2,500.00 a year. Such lease has nine years to run, and the Washington Luna Park Company has option to renew the lease for ten years at same rate.

All risks and dangers of construction have been passed; there is nothing prospective or uncertain about the venture. The park is in full operation; it has paid all expenses and made money, notwithstanding an unusually wet season; and the present manager has the ability to make it pay 40 to 60 per cent next season.

The undersigned has secured a ten day option on \$60,000.00 of the capital stock of the Washington Luna Park Company, and he believes that he can dispose of it, at a reasonable profit, in small lots, for it is generally recognized that the day of the clean amusement park where women and children are safe from insult and annoyance, and where all can find every kind of good, healthy, clean amusement, and to that end he offers to sell, at any price but therefore, provided no less than \$120.00 per share, (par value \$100.00), 600 shares of Washington Luna Park Company's stock, upon such terms as may be provided by Virginia Safe Deposit and Trust Corporation, Alexandria, Virginia, giving the preference to the highest and smallest bidders in making allotments.

The Washington Luna Park Company is in the hands of entirely competent and trustworthy men, experienced in the amusement park business and in handling financial affairs; and there is no apparent reason why an investment in the stock of this company will not pay well.

ANY INFORMATION DESIRED CAN BE SECURED by telephoning the undersigned at 5899 Main, or calling upon him at Columbus Building, Washington, D. C., from 9 A. M. to 10 P. M., September 17th or 18th, 1906.

Send bids and check to The Traders National Bank of Washington, D. C., or Virginia Safe Deposit and Trust Corporation, Alexandria, Va.

Washington, September 15th, 1906.

HOLMES JONES.

THE INGERSOLL COMPANY,

Frederick Ingersoll, President.

Designers, Builders & Operators of Parks & Park Amusements. Pittsburgh, Pa., Sept. 14th, 1906.

Mr. Holmes Jones, New Willard Hotel, Washington, D. C.

Dear Sir:—In reply to your inquiry regarding the cost and character of the work done by this company at Luna Park, Washington, we would state that the contract therefor was awarded to this company at the price of \$175,000.00. Some slight changes and alterations were made in the plans, resulting in a slight increase in the cost, but the same in all respects.

We have built parks at Pittsburgh, Cleveland, Scranton and other cities, and are continually building amusement devices throughout this country, and nowhere is there a better built, safer or more substantial park than in Washington. Re-lying that crowds must be expected our engineers have always been extra-cautious in furnishing the strain, and direct and later, in all construction work; and we point with pride to the fact that devices we have built have carried millions of people, and they carry over a hundred thousand passengers every day during the season, and we have never had a casualty. Yours very truly,

FREDERICK INGERSOLL, President.

JOHN W. PITCOCK, Secretary and Treasurer. GEO. E. GILL, Manager.

The Washington Luna Park Company.

Mr. Holmes Jones, New Willard Hotel, Washington, D. C. Washington, D. C., September 12th, 1906.

Dear Sir:—Luna Park has been in operation sixteen weeks, ending September 10th, 1906, and during that time has experienced 29 rainy days in August, besides many in June and July, nevertheless the income to the date mentioned has been very gratifying. The Treasurer's office is in Philadelphia, and we have no record of gross receipts or disbursements here.

To aid in the plans, resulting in a slight increase in the cost, but the same in all respects.

We have built parks at Pittsburgh, Cleveland, Scranton and other cities, and are continually building amusement devices throughout this country, and nowhere is there a better built, safer or more substantial park than in Washington. Re-lying that crowds must be expected our engineers have always been extra-cautious in furnishing the strain, and direct and later, in all construction work; and we point with pride to the fact that devices we have built have carried millions of people, and they carry over a hundred thousand passengers every day during the season, and we have never had a casualty. Yours very truly,

FREDERICK INGERSOLL, President.

JOHN W. PITCOCK, Secretary and Treasurer. GEO. E. GILL, Manager.

TERMS OF BIDS.

All bids must be delivered or mailed to either of the undersigned, on or before September 19th, 1906; the full name and address of the bidder must be given, the number of shares wanted, and a certified check (or postoffice money order) for ten per cent. of the amount of the bid, (except the bid is for three shares or less, in which event the whole amount of the bid must accompany same).

All checks or money orders to be payable to Virginia Safe Deposit and Trust Corporation, Alexandria, Virginia, as Trustee; and delivery of stock will be made at the office of such Trustee immediately after allotment, where full amount of companies bid; and where only ten per cent. accompanies bid, balance is to be paid to the undersigned on five days' notice of allotment to be mailed the bidder, at his address, and delivery will then be made on date designated at the office of such Trustee.

Washington, D. C., September 15th, 1906.

Virginia Safe Deposit and Trust Corporation, Alexandria, Va.

The Traders' National Bank, 10th St., Cor Pa. Ave., N. W., Washington, D. C.

Security to Stockholders. Summarized:

OWNED Absolutely, Improvements in Luna Park, - - - - - \$175,000.00

CONTRACT for light, power, &c., at actual cost of manufacture, (about 1c per 1,000 kilowatts), plant W. A. & Mt. V. Ry. Co. enlarged therefor at cost of over - - - - - 200,000.00

VALUE OF LAND held under lease for next nineteen years, on five per cent. basis (\$2,500.00 a year), - - - - - 55,000.00

Total Investment Made For Luna Park, - - - - - \$430,000.00

All profits from above investment, through operation of Luna Park, after limited payments for light and rent, must be divided so that stockholders, having \$175,000.00 of stock, will have more than twice the return were profits pro-rated on the whole investment; and that is why Luna Park stock is worth over \$150.00 per share today.
